

# Carer Education and Skills Programme

## Early Intervention in Psychosis

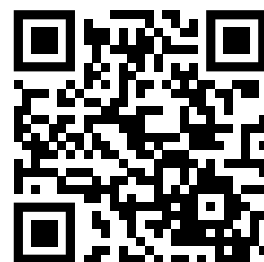

Early Intervention in  
Psychosis services are  
developing carer and family  
education and support  
programmes for Wales.

### The programmes will include

- Reliable information on all aspects of psychosis, causes and recovery
- Free online programme for easy 24 hour access
- Programme of 1:1 sessions with a healthcare professional
- Carer support groups
- Educational materials available in Welsh and in several other languages
- Practical and wellbeing support for carers

**Please contact your local EIP team for more information.**
